## Editorial Realisations since August!

The fencing of the cemetery at Caubon, carried out by M.Susanna, by the cast iron railings, the fencing and the repainting of the existing gates give a new look to our center village. After the repairing of the crosses, a number of habitants assisted in their inauguration on November 11<sup>th</sup>.

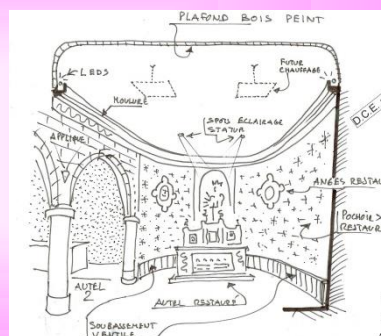

At this occasion, the Sounalet sisters made a presentation of the 190 year history of our commune. On the showing of some old post cards, the father of Marie-France Pouget was identified.

The refurbishing of the village hall is complete, a system of heating/air conditioning and the installing of better insulation under the roof, permits a better utilisation in all weathers, the electric wiring has been rewired to prevent overloading, the replacement of all the windows and shutters, wheelchair access throughout including a disabled toilet, all the cracked walls have been repaired and redecorated. Thus allowing usage of our village hall for many years to come.

Thanks to Tom and Alan, we now have Christmas decorations, a first for our 2 villages.

The architect, M Nowak, has proposed some good ideas for The restauration of the church.
